EDUARDO ZAMORA

214 Debra Dr, Mesquite, TX 75149 | (214) 395-3198 | eduzamora10@gmail.com | www.linkedin.com/in/ezamora10/

EDUCATION

University of Texas at Dallas Richardson, TX

B.S. in Computer Science

Expected Graduation, May 2025

- Cumulative GPA: 3.49
- Related Coursework: Data Structures & Algorithms Analysis, Discrete Math for Computing, Computer Architecture, Programming Fundamentals, Software Engineering.
- Currently Attending Courses: Artificial Intelligence and Operating Systems.

SKILLS

- Programming Languages: Java, Python, JavaScript, HTML/CSS, Node.js, React.js, C++, C.
- Tools: VS Code, IntelliJ, Eclipse, PyCharm, MobaXterm, GitHub, MongoDB, Postman.
- Languages: English, Spanish.

PROJECTS

Grade Calculator, GPA Calculator, and Stopwatch Timer

Solo Contributor

July 2024

- Constructed a responsive web application featuring a grade calculator, a GPA calculator tailored to various schools, and a stopwatch timer with pause, resume, and reset functions.
- Developed the logic for all three features using JavaScript and designed the front-end with HTML and CSS.
- Added interactive button clicking along with sound activation and flashing animation that indicates the stopwatch has been paused or ended.

UTD Parking Spotter (Software Engineering Group Project)

Team Member

October 2023 - December 2023

- Implemented user registration, authentication, and data retrieval in a Node.js application, yielding a robust user authentication system with dedicated routes for registration and login.
- Using JavaScript, I collaborated with the front-end team to design and deliver a login page that effectively displays a message on user's screen indicating the success or failure of the login process.

Flight Path Finder

Solo Contributor

April 2023 - May 2023

- Composed a robust Java program capable of finding all flight paths between two specific cities, considering various input parameters.
- Engineered the code to display all available flight paths based on the user's sorting option of time or cost.

Word Guessing Game

Solo Contributor

March 2023 - April 2023

- Developed a captivating word guessing game demonstrating seamless communication between a client and server in a Unix/Linux environment.
- Designed the program to manage multiple clients/players per server and assigned a unique word to each player upon joining a server.

WORK EXPERIENCE

Skechers U.S.A

Mesquite, TX

Sales Associate

May 2021 – Present

- Effectively verbalized with customers seeking assistance, such as searching for specific merchandise or seeking product recommendations.
- Systematically executed multiple closing tasks, involving store recovery, comprehensive cleaning, and ensuring security measures.
- Contributed within my team to surpass store goals making an impression on visiting corporate executives.
- Instructed new employees on their store assignments and provided training on store policies and procedures.

Dallas Independent School District

Dallas, TX

Teacher Assistant

June 2019 – August 2019

- Collaborated with lead teachers in arranging the classroom, managing attendance, and preparing engaging activities/projects for the students.
- Explained challenging topics during classroom sessions and field trips, enhancing student's broad understanding.
